Review: Rob Georg – ‘Time For Some Ink’

Throughout his life, music has been Rob Georg's constant companion, comforting him in the hard times, inspiring him in the good times, and letting him express his feelings freely with the help of his old guitar. After spending a decade cutting horses in Europe and the USA, Georg returned to his first great passion, recording two original songs in Nashville and taking a slice of classic country back to Germany with him. Although content to keep his music to himself, Georg's vocal coach had other ideas, and after a few sessions together, they decided to make music his number one priority.

Shortly after the release of his debut single 'Push That Horn' in 2018, Georg was receiving airplay across Europe, the US, and Canada, and he quickly built a loyal following online that pushed the official video to reach over 80,000 streams. Since then, Georg has been busy building his repertoire to include everything from classical titles to modern pieces of the country and folk.

Now, Georg is set to build on the landmark success of his previous work with new single 'Time For Some Ink', a Southern rock song that brings together music and another of Georg's great passions, tattoos. Arriving alongside its new music video, 'Time For Some Ink' is a song that music critics and fans can both get behind, bringing with it a modern energy and some unforgettable rustic charms.

Built on a driving wall of guitar and punctured by thunderous percussion, 'Time For Some Ink' holds true to a classic country sound that's been cut with a hard rock edge and infused with evocative personal depth. The song is brilliantly honest, tearing down the walls and offering a raw glance at the artist behind the music, capturing the "melodic ruggedness" that has become synonymous with Georg's name and transcending the usual country aesthetic.

A visceral mix of electric guitar and heavy, rolling vocals, 'Time For Some Ink' is the kind of country track that can really start a legacy, and with the promise of more singles and a full length album to come, it's going to be a very exciting time for Rob Georg.

You can listen to 'Time For Some Ink' above alongside its official music video, or find it on [Apple Music](#) and [Spotify](#), and don't forget to follow Rob Georg on his social media pages below for all the latest news and releases.
