Throughout his life, music has been Rob's constant companion, comforting him in gloomy times and inspiring him in happy times. For Rob, there is no better way to express feelings than singing accompanied by his guitar. Growing up with horses, Rob's professional path led him first into equine sports, especially into Cutting, a discipline of western riding, which is ridden on horses working cattle. For the past 10 years, he has successfully showed Cutting Horses in Europe and the USA and was on the board of the National Cutting Horse Association of Germany for 6 years, most of this time as president. Influenced by the cowboy lifestyle, country music

owns a big part of his musical passion. In various performances at family and friends events, Rob was always told, to do more with music in his life. As a result, the desire to record 2 self-written songs in Nashville one day got priority on his bucketlist. Rob fulfilled himself this wish in March 2018. He had not hoped to come back to Germany with more than an office-burned CD with his 2 own songs on it for his CD shelf at home. However, his vocal coach and recording studio, Kristin K. Smith, saw things differently and as the song was recorded, she gave him advice to publish the song in different ways and to give music a new status in future.
