## Review: Rob Georg - Ghost

Growing up with horses, **Rob's** professional path led him first into equine sports, especially into Cutting, a discipline of western riding, which is ridden on horses working cattle. Influenced by the cowboy lifestyle, country music owns a big part of his musical passion. In various performances at family and friends events, Rob was always told, to do more with music in his life.

**Ghost** is the brand new single and the beautifully composed country track. To fully express the song's meaning, he uses his pleasant vocals that make listeners pay attention to the lyrics.

**Ghost** starts with guitars and drums, which catch listener's attention right from the beginning. The song gives the listeners almost 4 minutes of the enjoyment because of the whole mood of the track and carefully chosen instruments, that makes this song perfect example of the modern country track. Throughout the song singer shares his feelings about losing the person he loves. Those lines are the most touching ones, in my opinion:

*- So I stay trapped here in the darkness  
'Cause I'm blinded by the light  
Guess I'll spend the rest of my life  
Being haunted by your ghost*

To sum up, **Ghost** is the amazing meaningful song that will stay on repeat for a long time.
